WolkeSieben

We work with well-known designers and design teams, because we think that there is more to product development than finding a form that will be in demand. Good design will always support the function of a product as well, and will ideally do so at all levels, from inspiring planning, to safe assembly, to easy, comfortable use. All the designs are original and patented.

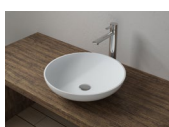

**All the designs are unique,
original and patented.**

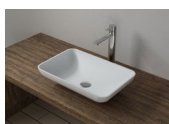

VP1
BASIN SIRENA
660×360×185mm

VP2
BASIN RELAXO
420×420×120mm

VP3
BASIN CALMO
450×450×120mm

VP4
BASIN LUSSO
520×340×120mm

V40
BASIN ADDA
450×450×150mm

V42
BASIN ANIMA
580×360×150mm

BASIN BRENTO
600×450×120mm

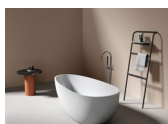

C1
BASIN ROMA
600×400×150mm

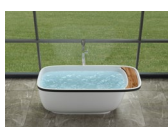

V20
BASIN PURRO
600×360×215mm

TC-S107
BATHTUB
1700×730×580mm

WS6007L
BATHTUB
1700×800×560mm

V125S-B
BATHTUB
1700×720×560mm

MATERIALS

POLYSTONE (STONE RESIN)

WolkeSieben's solid surface is a special blend of resins and advanced polymers. The material used in the production process is of the highest quality, which ensures that all our products are eco-friendly.

The exclusive polymer composition of WolkeSieben products brings superior resistance against harsh chemicals and staining, whilst offering high durability.

QUALITY AND AESTHETICS

WolkeSieben products are benchmarked with special detail to texture and aesthetic design. Our basins and bathtubs bestow superior resistance and are free of defects. Any defects identified in our products will be immediately resolved with a replacement.

HIGH QUALITY

Smaller scratches occur in the product life cycle. They can always be easily removed with polishing compound. Our products are very durable and almost immune to common dirt, bacteria, or scratches.

EASY MAINTENANCE

Regular cleaning with common non-abrasive cleaning agents will secure a long surface quality. Our material is resistant to deterioration and minor damages due to wrong handling can

even be easily repaired.

NON-POROUS

WolkeSieben's solid surface is 100% non-porous and therefore unaffected by fluctuating moisture, ingression, or leakage. Any common dirt, bacteria, or scratches should always be easily removed with water and regular cleaning agents.

MADE IN UNITED KINGDOM

In order to secure long-lasting color, WolkeSieben is importing the color pigments from the United Kingdom for a high-quality result.

GUARANTEES

WolkeSieben is proud to offer a limited 10-year international warranty on all its products.
